

Downloading Seminar Materials

PC

1. Click on the download link and download the zip file to your desktop.

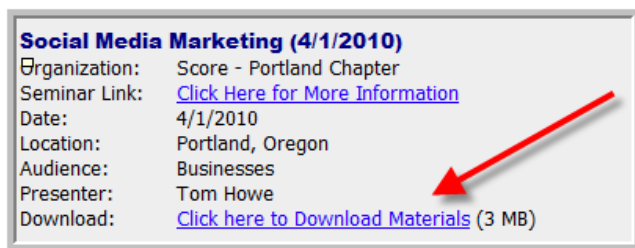

2. Double-click on the zip file on your desktop. You will see the files in the zip file.

3. Create a new folder for your seminar files and copy the contents of the zip file to your new folder. The original zip file folder is encrypted. By copying the contents to a new folder, you will not be prompted for a password each time you open the file.

Mac

1. Click on the download link and download the zip file to your desktop.

2. Use Spotlight to find and open “Stuffit Expander” on your computer.
3. Drag the zip file and drop it on the Expander window.

4. Enter the password when prompted. The password is in the seminar handout.
5. Create a new folder and copy the contents of the zip file to a new folder. The original zip file folder is encrypted. By copying the contents to a new folder, you will not be prompted for a password each time you open the file.
